## TECHNICAL SKILLS

---

Python, Django, Postgres, FastAPI, Lambda, EC2, S3, Cognito, API Gateway, Cloudwatch, IAM, Boto3, Git

## CERTIFICATIONS

---

1. AWS Certified Developer - Associate (🔒)
2. Machine Learning Specialization (🔒)
3. Django Web Framework (🔒)
4. Generative AI For Everyone (🔒)

## WORK EXPERIENCE

---

### Bespoke Technologies

*Software Developer*

*Oct 2022 - present*

- Collaborate closely with the Lead to conceptualize and build platform features by understanding requirements, creating high-level designs, and implementing them effectively.
- Instrumental in engineering an intuitive appointment booking system that optimizes scheduling with preferred doctors within a platform aimed at managing doctors' availability and enhancing patient care.
- Take ownership of all backend-related tasks, including the creation of RESTful APIs, facilitating seamless backend-to-frontend integration, and ensuring robust system functionality.
- Responsible for end-to-end **AWS cloud management** and security for organizational web infrastructure.
- Consistently refactors codebase to align with best practices and optimize the application.

*SDE Intern*

*Apr 2022 - Sep 2022*

- Developed Authentication and Authorization system for the application users (AWS Cognito and Boto3).
- Implemented push notifications (using Firebase SDK) in the Doctor and Patient applications.
- Utilized CloudWatch extensively to manage logs and debug issues, ensuring seamless monitoring and swift resolution of potential system glitches.

## PROJECTS

---

### Serverless URL Shortener

This project enables users to create short URLs that redirect to long URLs. Implemented using AWS Lambda, API Gateway, DynamoDB, and Cognito, ensuring secure and efficient URL management.

### AI powered Resume Enhancer

A FastAPI based application which leverages OpenAI's gpt3.5-turbo model to identify gaps in the users' resume comparing it with the given job description, and provides tailored suggestions to improve job application outcomes.

## EDUCATION

---

**Anjuman Institute of Technology and Management** (Affiliated to VTU, Belagavi)

**Karnataka, India**

*Bachelor of Engineering in Computer Science (CGPA: 8.86)*

*Graduation Date: Aug 2022*

**The Central School**

**Dubai, U.A.E**

*High School Diploma*

*Graduation Date: Mar 2018*

## EXTRAS

---

- Rabita Gold Medal Awardee (Batch Topper)
- Represented Karnataka at National Level Beach Soccer held by AIFF
- AIFF Certified CAT-8 Football Referee (RIN- 140311)
- AIFF Certified D Licenced Coach (ID- 2023MAY25650)
